Market today

Sideways, still lacking catalyst

The SET is expected to fluctuate downward in line with regional and US equity markets, driven by selling pressure in global tech stocks and concerns over more prolonged inflation that could force the Fed to accelerate rate hikes. This weighs on overall market sentiment as well as upstream energy stocks amid lower oil prices. Meanwhile, domestic catalysts remain scarce and fund flows have returned to net outflows, leading the market to selectively favor stocks with limited exposure to external headwinds. Technically, the index broke below its prior low; despite some dip-buying, this is viewed merely as a short-term intermittent rebound.

Support - Resistance: 1465/1460 – 1480/1485

Today's highlights

- The leaders of China, Russia, and the US issued a joint statement following their trilateral summit at APEC, agreeing to boost refined oil supply, maintain global energy stability, avoid nuclear war, and reform the UN. This helps ease geopolitical tensions and push oil prices lower, benefiting anti-oil stocks (GPSC, BGRIM, AAV, BA).
- Anthropic debuted on Nasdaq at an IPO price of US$83, raising over US$81.3bn to surpass SpaceX's record before closing at US$97.17 (+17.1%). Combined with South Korea's cumulative exports surpassing US$1tn as the fourth country globally—led by 10M26 semiconductor exports surging to US$397.7bn—this is positive for electronics stocks (DELTA, HANA, KCE).
- The BOI affirmed that US chip export controls will not impact Thailand's data center industry as major investors are US firms. Alongside progress at the Thailand–Japan Dialogue where AMATA, BGRIM, and NTT Global Data Centers signed an MOU on digital and AI infrastructure, this is positive for industrial estates (WHA, AMATA) and utilities (GULF, GUNKUL, GPSC, BGRIM, WHAUP).
- The Ministry of Commerce signed a Thailand–Peru FTA at APEC, benefiting auto and processed seafood exports (AH, SAT, STANLY, TU). However, livestock faces pressure after the Swine Raisers Association of Thailand opposed opening imports of US pork amid oversupply, creating an overhang for livestock stocks (CPF, BTG, TFG).
- The UTCC reported that Loy Krathong festival will see livelier activity with spending estimated at Bt10.1bn (+4.7%), though consumers remain cautious on spending due to an incomplete economic recovery and higher living costs, offering short-term support for commerce stocks (CPALL, CPAXT, BJC).

Trading today

We view the SET as likely to trade sideways, as the market awaits developments in the Middle East conflict. Domestically, attention is on the enforcement of the SET's 8 new trading measures. Our investment strategy is therefore "Selective Buy" across 4 themes with specific positives as follows:

1. Tick size & liquidity plays — Stocks expected to benefit from the tick size reduction, which should lower trading costs and increase liquidity, focusing on SET100 stocks priced at Bt5–50 with strong fundamentals, clear earnings growth, and solid financial positions. Our Outperform picks stand to gain from improved liquidity: **AMATA, CRC,** GLOBAL, PRM, SCGP, TU, **TIDLOR.**
2. Short cover & rebound plays — Stocks seen as targets for short covering if the market recovers, focusing on SET100 stocks that have been pressured by short selling and have fallen more sharply than the market. Should the index turn higher, these stocks could see buy-back demand that drives a faster and stronger rebound than the broader market: DELTA, **KCE, HANA,** PTT, PTTGC, IVL.
3. FDI & tech-infrastructure plays — Stocks set to benefit from the accelerating domestic investment cycle and the government's clean energy restructuring plan, as well as speculation on the cabinet's upcoming consideration of data center regulatory criteria: industrial estates (WHA, **AMATA**), electronics (DELTA, **HANA, KCE**), and renewable energy (GULF, **GPSC,** GUNKUL).
4. Quality dividend plays — Capturing year-end tax-saving fund inflows (TESG, RMF) that gradually accumulate fundamentally sound stocks during Nov–Dec, focusing on high-quality dividend stocks with stable earnings, consistent cash flow, and an attractive expected Dividend Yield of above 5% p.a.: BBL, KTB, KKP, **HMPRO, AP,** SCCC, PTT, FTREIT, **LHSC.**

Strategy today

In the near term, we expect the SET to trade sideways, as the market awaits developments in the Middle East conflict. On the domestic front, with Thai listed companies' 3Q26 earnings season now over, the main focus is expected to shift to the enforcement of the SET's 8 new trading measures from Nov 16, aimed at upgrading the capital market and creating better balance. Key highlights include a reduced tick size for stocks priced at Bt5–50, fines on accounts submitting spoofing orders, a revised short-sell rule to zero-plus tick (switching immediately to uptick if a stock falls 10%) and restricting short selling to highly liquid stocks only. The investment strategy is therefore "Selective Buy".

Daily Top Picks

AMATA: The BOI stated that stricter US export controls on advanced AI chips will not impact investment in Thailand, helping ease concerns over investment sentiment, while regulatory clarity on data centers can support land sales from 4Q26 through 2027. 2026F net profit is projected at Bt5.14bn, up 63%. Short-term TP is Bt29.30.

CPALL: Expected to see limited impact from external factors, supported by gradually recovering domestic purchasing power and rising foreign tourist arrivals. 4Q26F SSS is projected to continue growing from the previous quarter with upside from the stamp campaign. 2026F net profit is projected at Bt31.1bn, up 10%. Short-term TP is Bt50.50.

Disclaimer

This document has been prepared by the research function of InnovestX Securities Company Limited (the "Company") solely for the purpose of providing general information to investors and shall not be construed as investment advice, an offer to purchase securities, an offer for sale of securities, or a solicitation of any person to subscribe for securities or enter into any securities-related transaction. The information contained herein is derived from publicly available sources generally accessible to investors. The Company makes no representation or warranty as to the accuracy, completeness or adequacy of such information. Any opinions, forecasts, projections, or estimates expressed in this document represent the views of the Company only as of the date appearing herein and are subject to change without notice to public or investors of any such changes.

The Company and The Siam Commercial Bank Public Company Limited ("SCB") are subsidiaries of SCB X Public Company Limited ("SCBX"), whereby SCBX is their major shareholder. Accordingly, the Company and SCB are under the same corporate group.

SCB is acting as Financial Advisor and Underwriter of Trust Units in connection with the initial public offering of units of AWC Lifestyle Property Real Estate Investment Trust. Notwithstanding the foregoing, the research function of the Company operates independently from the business unit providing financial advisory business of SCB and is not under control of such business unit in the preparation of this document.

Trading in futures and options involves a high degree of risk and may result in substantial losses. Accordingly, such products may not be suitable for all investors. Before making any investment decision involving futures and options, investors should carefully consider their financial condition, investment objectives, investment experience, and risk tolerance as it is possible that losses incurred may exceed the amount of the initial investment. Investors are advised to thoroughly review and understand the nature of the products, applicable terms and conditions, and all associated risks before investing. Investors should exercise independent judgment in making investment decisions and, in the event of any doubt, seek professional advice from an investment advisor.

Neither the Company, SCB, nor any of their respective affiliates, directors, executives, officers or employees shall be liable for any damage, loss, expense, or consequence, whether direct or indirect, arising from the use of, or reliance upon, any opinion, analysis, or information contained in this document, including, without limitation, any loss of profit or contractual loss. In addition, the Company, SCB, and/or their affiliates, as well as their respective directors, executives, employees, representatives, or related persons, may have interests in, or relationships with, the issuer referred to in this document or its related persons. Investors should therefore conduct their own independent assessment and exercise their own judgment before making any investment decision.

The Company reserves the right, at its sole discretion, to amend, modify, revise, supplement, or update any information contained in this document from time to time without prior notice.

This document is intended solely for the intended recipient(s). No person may reproduce, modify, distribute, publish, transmit, sell, copy, display, disclose, or otherwise exploit, whether in whole or in part, any information contained in this document for any purpose, including commercial purposes, without the Company's prior written consent.

Corporate Governance Report

The material contained in this publication is for general information only and is not intended as advice on any of the matters discussed herein. Readers and others should perform their own independent analysis as to the accuracy or completeness or legality of such information. The Thai Institute of Directors, its officers, the authors and editor make no representation or warranty as to the accuracy, completeness or legality of any of the information contained herein. By accepting this document, each recipient agrees that the Thai Institute of Directors Association, its officers, the authors and editor shall not have any liability for any information contained in, or for any omission from, this publication.
The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey result may be changed after that date. InnovestX Securities Company Limited does not conform nor certify the accuracy of such survey result.
* The listed companies or their directors or executives have any scandalous corporate governance issues such as regulatory wrong-doings, bribery, and corruption. In this case, the CGR information should be used with care and in conjunction with the related governance news.
