

Market today

Higher tension approaches

The SET is expected to drift lower amid a continued lack of new domestic drivers. Pressures linger as US Treasury yields accelerate and crude oil prices edge higher following a fresh round of military strikes between the US and Iran. Selective buying is expected to remain the primary approach, with investors focusing on individual opportunities. Upstream energy, refiners, banking, and life insurance stocks are likely to continue moving higher. Key events to monitor today include the mobile Cabinet meeting in Songkhla to review southern regional infrastructure and investment plans. Technically, the index has yet to show clear signs of recovery, leaving room for short-term technical rebounds only.

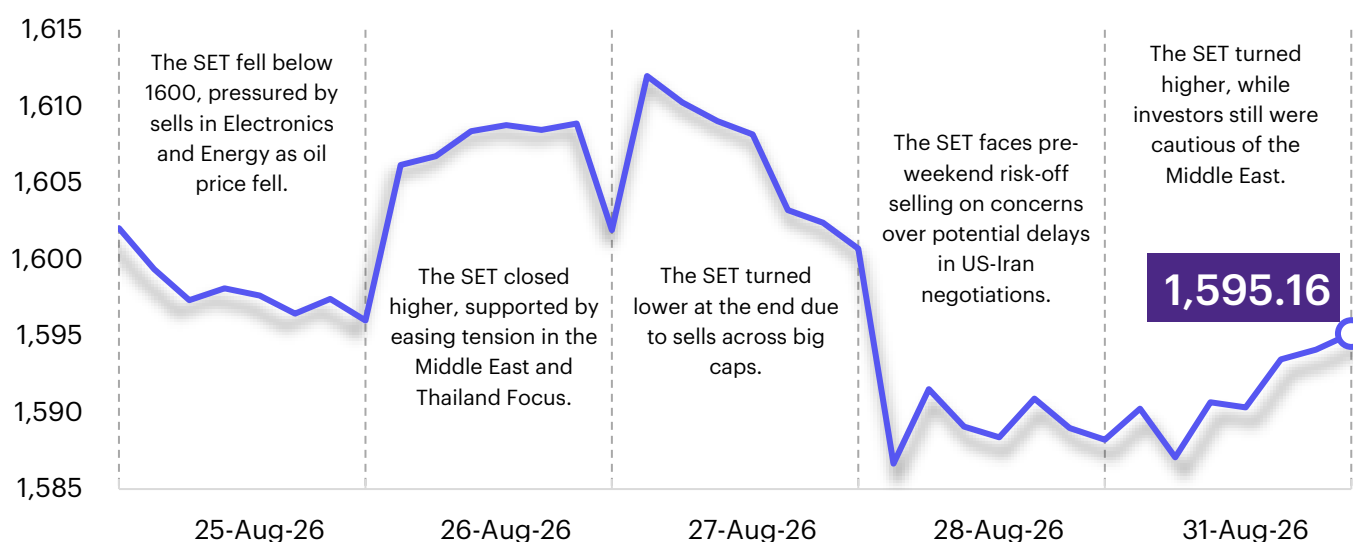

Today's highlights

- Brent crude rose 2.7% DoD to close at US\$90.49/bbl following renewed military clashes between the US and Iran. Additionally, Russia announced plans for widespread attacks on Ukraine in retaliation, further exacerbating Middle East tensions and disrupting European refined oil and gas supply chains. Positive short-term sentiment for energy (PTTEP, BCP, TOP, SPRC), but negative for anti-oil plays (AAV, BA, THAI, GPSC, BGRIM).
- The 10-year US Treasury yield hit a 20-month high at 4.76%, pressured by persistent inflation concerns and risks of potential Fed rate hikes to curb oil-driven inflationary pressures. Short-term negative for risk assets, but positive for banking and life insurance (BLA, TLI, BBL, KBANK, KTB).
- The BoT reported July 2026 economic expansion, driven by tech and AI investment cycles boosting exports, a recovering tourism sector, and improved private consumption from long holidays and government measures. Positive for electronics (HANA, KCE, DELTA) and tourism (AOT, ERW, CENTEL, AWC).
- The Senate approved the draft emergency loan decree, which now moves to the screening committee to review project proposals by Sep 30 before final disbursement in 2027. This reinforces confidence in funding plans for clean energy projects and tourism stimulus scheme. Positive for solar rooftop contractors (HMPRO, GUNKUL, SCC, COM7) and tourism (AOT, ERW, CENTEL, AWC).
- TTB and DBS Bank announced a strategic partnership in wealth management. Retail and HNW brokerage operations managed by DBS Vickers Securities (Thailand) will transfer to TTB Wealth Securities by May 2027, supporting fee income and share sentiment.

Strategy today

In the near term, we expect the SET to trade sideways. While the market draws domestic support from expectations around continued government economic stimulus measures — including solar rooftop installation subsidies, tourism stimulus scheme, progress on the FY2027 Budget Bill, and clarity on the PDP2026 plan — headwinds persist from slowing fund flows, the prolonged Middle East situation, and hawkish signals from the Fed Chair at Jackson Hole signaling readiness to raise rates to contain inflation. The investment strategy is therefore "Selective Buy".

Support - Resistance: 1585/1580 – 1605/1610

Trading today

We view the SET as likely to trade sideways. While the market draws support from expectations around domestic economic stimulus measures under consideration, it continues to face headwinds from slowing fund flows, the prolonged Middle East situation, and hawkish signals from the Fed Chair signaling readiness to raise rates to contain inflation. Our investment strategy is therefore "Selective Buy" across 4 trading ideas with specific positives as follows:

1. Policy plays — Stocks positioned to benefit from progress on government economic stimulus measures: Thai Teaw Thai Plus (ERW, **CENTEL**, AWC, CPALL, **CPN**); clean energy support measures including solar rooftop initiatives and the PDP2026 outcome (GULF, GPSC, BGRIM, GUNKUL, WHAUP, **AMATA**, WHA); and accelerated government disbursement ahead of fiscal year-end and the FY2027 Budget Bill (STECOM, CK, SCC, SCCC).
2. Consumption plays — Stocks set to benefit from a recovery in purchasing power and an increasingly resilient domestic economy: commerce (CPALL, **CRC**, **CPN**, GLOBAL), telecommunications (TRUE), financials (MTC, SAWAD, TIDLOR), and land transport (BEM).
3. Laggard plays — Stocks whose share prices have lagged the broader SET despite 2H26 earnings momentum expected to deliver solid YoY and HoH growth, making them likely targets for speculative rotation: **AP**, **PR9**, SAWAD, HMPRO, **BDMS**, TU, BCH, MTC, **TIDLOR**.
4. High dividend plays — To generate steady cash flow returns through interim dividend capture, with expected Div. Interim Yield >2%: **TTB (XD Sep 7)**, **BCP (XD Sep 7)**, OR (XD Sep 7), HMPRO (XD Sep 8), KKP (XD Sep 9).

Daily Top Picks

CPN: Supported by foot traffic growth accelerating in July 2026 compared to 2Q26. The shopping center business continues to grow on higher rental income and full-quarter revenue recognition from new malls (Khon Kaen Campus and Northville). 2026F core profit is projected at Bt18.3bn (+9.6% YoY). Short-term TP is Bt68.25.

KTB: Supported by renewed inflation concerns leading to tighter monetary policy expectations. Loan growth expanded MoM and YTD through July 2026, with potential upside from FVTPL gains from THAI. 2026F profit is expected to grow 1% YoY, with dividend yield remaining high at Bt2.77/share (6.4%). Short-term TP is Bt44.00.

Today's reports

Telecom – A well-played call reaches its target

Disclaimer

The information in this report has been obtained from sources believed to be reliable. However, its accuracy or completeness is not guaranteed. Any opinions expressed herein reflect our judgment at this date and are subject to change without notice. This report is for information only. It is not to be construed as an offer, or solicitation of an offer to sell or buy any securities. We accept no liability for any loss arising from the use of this document. We or our associates may have an interest in the companies mentioned therein.

InnovestX Securities Company Limited ("INVX") is wholly owned by SCB X Public Company Limited ("SCBX") and The Siam Commercial Bank Public Company Limited ("SCB") is majority-owned by SCBX. Any information related to SCB is for sector comparison purpose.

This document is prepared by InnovestX Securities Company Limited ("INVX") which is wholly owned by SCB X Public Company Limited ("SCBX"). The Siam Commercial Bank Public Company Limited, which is majority-owned by SCBX, acts as financial advisor of the LH Hotel Leasehold Real Estate Investment Trust. Any opinions, news, research, analyses, prices, statements, forecasts, projections and/or other information contained in this document (the "Information") is provided as general information purposes only and shall not be construed as individualized recommendation of an offer to buy or sell or the solicitation of an offer to buy or sell any securities. INVX and/or its directors, officers and employees shall not be liable for any direct, indirect, incidental, special or consequential loss or damage, resulting from the use of or reliance on the Information, including without limitation to, damages for loss of profits. The investors shall use the Information in association with other information and opinion, including their own judgment in making investment decision. The Information is obtained from sources believed to be reliable, and INVX cannot guarantee the accuracy, completeness and/or correctness of the Information.

INVX reserves the right to modify the Information from time to time without notice and in its sole discretion. This document is delivered to intended recipient(s) only and is not permitted to reproduce, retransmit, disseminate, sell, distribute, republish, circulate or commercially exploit the Information in any manner without the prior written consent of INVX.

Futures and Options trading carry a high level of risk with the potential for substantial losses, and are not suitable for all persons. Before deciding to trade Futures and Options, you should carefully consider your financial position, investment objectives, level of experience, and risk appetite if Futures and Options trading are appropriate. The possibility exists that you could sustain a loss of some or all of your initial investment. You should be aware of all the risks associated with Futures and Options trading, and you are advised to rely on your own judgment while making investment decision and/or should seek advice from professional investment advisor if you have any doubts.

This document is delivered to intended recipient(s) only and is not permitted to reproduce, retransmit, disseminate, sell, distribute, republish, circulate or commercially exploit the Information in any manner without the prior written consent of INVX.
