Market today

Sideways down, lack catalyst

The SET is expected to trade downwards, pressured by negative regional sentiment following US equities yesterday, alongside elevated oil prices. Although easing US bond yields could provide some support for fund inflows into risk assets, the lack of continuous fund flows and upcoming US midterm elections next week may leave the market lacking momentum and susceptible to ongoing volatility. Technically, the index has dropped sharply, nearing its lower boundary and previous low, maintaining an overall negative outlook.

Support - Resistance: 1535/1530 – 1555/1560

Today's highlights

- Brent eased to US$113/bbl after WSJ reported that Vice President Vance sent a letter to the IRGC to revive peace talks, presenting a surprise development that helps ease geopolitical tensions. This poses a near-term negative for upstream energy stocks (PTTEP).
- Preliminary 3Q26 US GDP expanded at 3.4% QoQ, accelerating from 2.2% QoQ in 2Q26 and beating market expectations, driven by consumer spending and business investment. Meanwhile, core PCE in Sep grew 3.1% YoY, accelerating from last month as expected. This is viewed as neutral for equity market sentiment.
- The Minister of Finance revealed that transfer and mortgage fee reduction helped boost residential ownership transfers in 1H26 by 17%, while the BoT's relaxation and extension of LTV measures caused system-wide housing loans to reverse to growth of 12%. Meanwhile, GH Bank launched the "One House PLUS" mortgage scheme carrying low interest rates of 2.6% per year for the first two years to unlock genuine purchasing power, providing positive sentiment for property stocks (AP, SIRI, SPALI).
- The Swine Raisers Association of Thailand expressed gratitude to the Central Investigation Bureau (CIB) for intercepting illegal meat smuggling, noting that a total of 40 tons of pork meat and offal have been seized in 2026. Crackdowns on illegal supply will help stabilize domestic pork prices, positive for meat plays (BTG).
- A Greek container vessel, CONTSHIP JET, was attacked and sunk off the coast of Bulgaria. Although Russia denied involvement, the incident highlights critical security risks for regional commercial shipping routes, tightening vessel supply, route detours, and higher insurance costs, which serves as a catalyst pushing container freight rates higher, positive for shipping stocks (RCL).

Strategy today

In the near term, we expect the SET to be driven primarily by external macroeconomic factors. Key focus will be on US 3Q26 GDP and Core PCE data to gauge the Fed's rate direction at its November meeting, while earnings from leading US technology companies will set the tone for global risk sentiment. The Fed, ECB, BOJ, and BOT monetary policy meetings are all expected to result in rate holds this round. On the domestic front, speculative fund rotation into Real Sector 3Q26 earnings is anticipated. Ongoing Middle East geopolitical tensions continue to cap the market's upside. The investment strategy is therefore "Selective Buy".

Trading today

We view the SET is likely to trade with volatility driven by external factors, with key focus on US 3Q26 GDP and Core PCE to gauge the Fed's rate direction, alongside US Big Tech earnings. Among central bank meetings, the Fed, ECB, BOJ, and BOT are all expected to hold rates, while the BOE is expected to raise. On the domestic front, speculative rotation into Real Sector 3Q26 earnings is anticipated. Our investment strategy is therefore "Selective Buy" with an emphasis on "Buy on Dip" across 4 trading ideas with specific positives as follows:

1. Earnings momentum plays — Stocks expected to report YoY earnings growth in 3Q26 over the next two weeks with Outperform ratings: DELTA, **GLOBAL,** SCGP, **PTTEP, TRUE.**
2. High-season tourism & flood relief plays — Stocks set to benefit from a dual tailwind of easing flood concerns as the situation passes its peak and the onset of Thailand's 4Q26 tourism high season: tourism (ERW, CENTEL, AOT) and retail (**CPN, CRC, GLOBAL,** HMPRO).
3. Tech sentiment & weak baht plays — Stocks positioned to benefit from positive sentiment if US Big Tech earnings impress, or if strong US economic data supports a stronger dollar and weaker baht: electronics (DELTA, HANA, KCE) and food exporters (**TU,** ITC).
4. Domestic investment plays — Stocks expected to benefit directly from an accelerating domestic investment cycle, driven by production base expansion (FDI), data center investment, and the government's clean energy restructuring plan: industrial estates (**WHA,** AMATA) and renewable energy (GULF, GPSC, GUNKUL).

Daily Top Picks

BCH: Expected to face limited impact from external factors and uncertainties. Earnings for 2H26 are projected to experience seasonal recovery, supported by a rebound in foreign patient volume—particularly from the Middle East, which has returned to growth. The company is currently in discussions for over 10 M&A projects, which will expand its patient base over the long term. Short-term TP is Bt11.10.

TRUE: Supported by a strong projected performance in 3Q26F earnings with limited external impacts. Core profit for 3Q26F is estimated at Bt6.8bn (+48% YoY and +1% QoQ), driven by higher subscriber numbers and ARPU, alongside benefits from tourism recovery and disciplined cost management. Short-term TP is Bt13.00.

Disclaimer

This document has been prepared by the research function of InnovestX Securities Company Limited (the "Company") solely for the purpose of providing general information to investors and shall not be construed as investment advice, an offer to purchase securities, an offer for sale of securities, or a solicitation of any person to subscribe for securities or enter into any securities-related transaction. The information contained herein is derived from publicly available sources generally accessible to investors. The Company makes no representation or warranty as to the accuracy, completeness or adequacy of such information. Any opinions, forecasts, projections, or estimates expressed in this document represent the views of the Company only as of the date appearing herein and are subject to change without notice to public or investors of any such changes.

The Company and The Siam Commercial Bank Public Company Limited ("SCB") are subsidiaries of SCB X Public Company Limited ("SCBX"), whereby SCBX is their major shareholder. Accordingly, the Company and SCB are under the same corporate group.

SCB is acting as Financial Advisor and Underwriter of Trust Units in connection with the initial public offering of units of AWC Lifestyle Property Real Estate Investment Trust. Notwithstanding the foregoing, the research function of the Company operates independently from the business unit providing financial advisory business of SCB and is not under control of such business unit in the preparation of this document.

Trading in futures and options involves a high degree of risk and may result in substantial losses. Accordingly, such products may not be suitable for all investors. Before making any investment decision involving futures and options, investors should carefully consider their financial condition, investment objectives, investment experience, and risk tolerance as it is possible that losses incurred may exceed the amount of the initial investment. Investors are advised to thoroughly review and understand the nature of the products, applicable terms and conditions, and all associated risks before investing. Investors should exercise independent judgment in making investment decisions and, in the event of any doubt, seek professional advice from an investment advisor.

Neither the Company, SCB, nor any of their respective affiliates, directors, executives, officers or employees shall be liable for any damage, loss, expense, or consequence, whether direct or indirect, arising from the use of, or reliance upon, any opinion, analysis, or information contained in this document, including, without limitation, any loss of profit or contractual loss. In addition, the Company, SCB, and/or their affiliates, as well as their respective directors, executives, employees, representatives, or related persons, may have interests in, or relationships with, the issuer referred to in this document or its related persons. Investors should therefore conduct their own independent assessment and exercise their own judgment before making any investment decision.

The Company reserves the right, at its sole discretion, to amend, modify, revise, supplement, or update any information contained in this document from time to time without prior notice.

This document is intended solely for the intended recipient(s). No person may reproduce, modify, distribute, publish, transmit, sell, copy, display, disclose, or otherwise exploit, whether in whole or in part, any information contained in this document for any purpose, including commercial purposes, without the Company's prior written consent.
