Market today

Move up as overhang eases

The SET is expected to extend its gains as the market eases from the overhang of the US election results, which are now clear. While the sharp decline in oil prices puts pressure on upstream energy stocks, it provides overall sentiment support, particularly for anti-oil plays. Meanwhile, foreign capital flows, despite intermittent selling, are anticipated to resume a more favorable trajectory. Key events to monitor today include Thailand's October inflation figures and 3Q26 earnings releases. Technically, the index has rebounded, forming a Hammer candlestick pattern; sustaining above the 1500 level is expected to pave the way for further upside.

Support - Resistance: 1495/1485 – 1515/1525

Today's highlights

- Brent dropped 8.7% to US$94.62/bbl after the Democratic Party won majorities in the Senate (54–44 seats) and the House (228–139 seats). President Trump announced reductions in certain aid to Israel and indicated no immediate plans for military strikes against Iran, positive sentiment for anti-oil plays (GPSC, BGRIM, THAI, AAV, BA) while negative for energy stocks (PTTEP, TOP, SPRC, BCP).
- JSCCIB raised 2026 GDP growth forecast to 2.4–2.6% (from 2.1–2.5%), driven by export growth projected at 18–22% (from 12–16%), following data showing 9M26 MPI expanded 2.6% led by technology products. Positive for electronic component stocks (HANA, KCE, DELTA).
- The Minister of Finance reiterated fiscal discipline by maintaining the public debt-to-GDP ceiling below 70%. However, the Minister plans to partner with the BOI on a roadshow to Japan (Nov 18–20) to attract leading chipmakers and six major automakers to invest in Thailand, positive for industrial estates (WHA, AMATA).
- OFFO resolved to lower retail prices for gasohol by Bt0.70/litre, excluding E85, effective Nov 5, 2026. Easing this living cost burden supports purchasing power and asset quality for grassroots groups, providing positive sentiment for finance stocks (MTC, SAWAD, TIDLOR).
- GH Bank reported strong demand for its "One House PLUS" low-interest mortgage scheme, with 11,430 registrants accounting for Bt32.3bn, or 68% of the credit limit. This reflects genuine demand in the real estate sector, which features a high economic multiplier effect, offering a positive sentiment for property developers (AP, SIRI, SPALI).

Strategy today

In the near term, the SET is expected to move Sideways. The US midterm election results, in which the Democratic Party secured a clear majority in both the Senate and the House, have eased concerns over policy volatility and opened the door for fund flows to return to risk assets. Easing Middle East tensions are also likely to be a key factor limiting the market's downside. Meanwhile, the BoE is expected by the market to hike rates. Domestically, the market is expected to remain focused on 3Q26 earnings announcements from Real Sector listed companies, as well as the cabinet's consideration of approving Data Center regulatory criteria. The investment strategy therefore recommends Selective Buy.

Trading today

The SET is expected to move Sideways, as the Democratic Party's midterm election win reduces policy risk and Middle East tensions are expected to ease. Domestically, the market is expected to focus on 3Q26 earnings announcements. Our investment strategy is therefore "Selective Buy" with an emphasis on "Buy on Dip" across 4 trading ideas with specific positives as follows:

1. Earnings momentum plays — Short-term speculation on stock-specific positives this week, targeting stocks expected to report YoY or QoQ earnings growth in 3Q26, with Outperform ratings: TRUE, **TU, GULF, KCE**, OR, TIDLOR.
2. FDI & tech-infrastructure plays — Stocks set to benefit from the accelerating domestic investment cycle and the government's clean energy restructuring plan, as well as speculation on the cabinet's upcoming consideration of data center regulatory criteria: banks (BBL, **KBANK,** KTB), industrial estates (WHA, AMATA), electronics (DELTA, **HANA, KCE**), and renewable energy (GULF, **GPSC,** GUNKUL).
3. Geopolitical relief plays — For higher-risk-tolerant investors seeking short-term speculation: if the US midterm elections result in a divided government, the market may see some easing of geopolitical concerns, leading to lower energy costs and supporting a recovery in Middle East economic activity and purchasing power: airlines (AAV, THAI), SPP power plants (**GPSC, BGRIM**), and healthcare (BH, **BDMS**).
4. Laggard & earnings plays — A safety-focused theme targeting stocks expected to deliver strong 3Q26 earnings growth both YoY and QoQ, with share prices still lagging for a high margin of safety, and strong financial positions: **AOT,** AP, BCH, **BDMS, CPN,** TRUE, TU.

Daily Top Picks

AOT: Supported by easing geopolitical tensions which are improving travel sentiment, while foreign tourist arrivals to Thailand are recovering seasonally. Earnings are projected to return to recovery in 4QFY26 (July–September 2026) and accelerate into FY2027, driven by the recovering tourism sector and higher Passenger Service Charges (PSC). Short-term TP is Bt61.50.

CRC: Supported by easing macroeconomic pressures that are boosting consumer sentiment. Core profit for 3Q26F is estimated at Bt1.78bn (+37% YoY and +4% QoQ), driven by positive SSS and the strongest growth within the retail sector, with continuous growth expected to reach a yearly peak in 4Q26F. Short-term TP is Bt33.00.

Disclaimer

This document has been prepared by the research function of InnovestX Securities Company Limited (the "Company") solely for the purpose of providing general information to investors and shall not be construed as investment advice, an offer to purchase securities, an offer for sale of securities, or a solicitation of any person to subscribe for securities or enter into any securities-related transaction. The information contained herein is derived from publicly available sources generally accessible to investors. The Company makes no representation or warranty as to the accuracy, completeness or adequacy of such information. Any opinions, forecasts, projections, or estimates expressed in this document represent the views of the Company only as of the date appearing herein and are subject to change without notice to public or investors of any such changes.

The Company and The Siam Commercial Bank Public Company Limited ("SCB") are subsidiaries of SCB X Public Company Limited ("SCBX"), whereby SCBX is their major shareholder. Accordingly, the Company and SCB are under the same corporate group.

SCB is acting as Financial Advisor and Underwriter of Trust Units in connection with the initial public offering of units of AWC Lifestyle Property Real Estate Investment Trust. Notwithstanding the foregoing, the research function of the Company operates independently from the business unit providing financial advisory business of SCB and is not under control of such business unit in the preparation of this document.

Trading in futures and options involves a high degree of risk and may result in substantial losses. Accordingly, such products may not be suitable for all investors. Before making any investment decision involving futures and options, investors should carefully consider their financial condition, investment objectives, investment experience, and risk tolerance as it is possible that losses incurred may exceed the amount of the initial investment. Investors are advised to thoroughly review and understand the nature of the products, applicable terms and conditions, and all associated risks before investing. Investors should exercise independent judgment in making investment decisions and, in the event of any doubt, seek professional advice from an investment advisor.

Neither the Company, SCB, nor any of their respective affiliates, directors, executives, officers or employees shall be liable for any damage, loss, expense, or consequence, whether direct or indirect, arising from the use of, or reliance upon, any opinion, analysis, or information contained in this document, including, without limitation, any loss of profit or contractual loss. In addition, the Company, SCB, and/or their affiliates, as well as their respective directors, executives, employees, representatives, or related persons, may have interests in, or relationships with, the issuer referred to in this document or its related persons. Investors should therefore conduct their own independent assessment and exercise their own judgment before making any investment decision.

The Company reserves the right, at its sole discretion, to amend, modify, revise, supplement, or update any information contained in this document from time to time without prior notice.

This document is intended solely for the intended recipient(s). No person may reproduce, modify, distribute, publish, transmit, sell, copy, display, disclose, or otherwise exploit, whether in whole or in part, any information contained in this document for any purpose, including commercial purposes, without the Company's prior written consent.
