A look back at Oct and ahead to Nov

In November, the SET is expected to fluctuate within a given range, with the support at 1,356 and 1,343, where a rebound could happen as the market will be technically oversold and valuations fundamentally attractive. At 1,350, the SET trades at a P/E ratio of only 13.5x, which could lead to buying back to support levels. Resistance is put at 1,410 and 1,437, with several negative factors that will exert pressure on the market and require close monitoring: escalating tensions in the Middle East, inflation, high bond yield and the Fed's high interest rates.

The SET plunged to a three-year low below 1,400 on a barrage of negatives, yet another month of decline. The index was pressured by a variety of domestic negative, including the BoT's expressed concerns about the long-term prospects of the Thai economy due to structural issues, leading to a depreciation of the Thai baht, which fell below 37 THB/USD. Concurrently, bond yield surged. Additionally, the digital wallet was postponed to April-May 2024. Abroad, pressure came from the war in the Middle East had might indirectly affect automotive exports and tourism.

In Oct, foreign investors were net sellers for the ninth month at Bt15.7bn, compared to a net sell of Bt22bn in Sep. Throughout the month, funds exited from almost all stock markets in the Asia-Pacific region. Foreign investors were net sellers in Thailand at US\$0.37bn, Indonesia at US\$0.41bn, the Philippines at US\$0.16bn, Malaysia at US\$0.46bn, Vietnam at US\$0.12bn, Taiwan at US\$4.41bn and South Korea, at US\$2.15bn. YTD, foreign investors have net sold more than US\$4.77bn in the Thai stock market, second only to Taiwan, where net selling has surpassed US\$6.59bn, while South Korea still maintains a net buying position of approximately US\$4.16bn.

Rebound expected, but upside limited, opportunity to accumulate. The SET is expected to recover, driven by expectation of China's economic recovery and a continuing strong US economy but upside is limited due to several negative factors that require close monitoring, including the escalating tensions in the Middle East, inflationary concerns, high bond yields, and the persistent higher-for-longer stance of the Fed. On the domestic front, attention should be given to the announcement of 3Q23 results in non-bank sectors. We see the recent downturn in the SET as an opportunity to accumulate stocks with solid fundamentals: 1) Undervalued stocks that have entered oversold territory; 2) stocks with YoY and QoQ earnings growth in 4Q23; 3) high dividend-yield stocks with dividend yield above 4%.

This month: Domestic: 1) Nov 6 – CPI for Oct; 2) Nov 10 – Consumer confidence for Oct; 3) Nov 20 – 3Q23 GDP; 4) Nov 28 – Trade balance for Oct; 5) Nov 29 – BoT's MPC meeting. Foreign: 1) Nov 1 – US ISM manufacturing PMI for Oct, US ADP non-farm payrolls for Oct; 2) Nov 3 – US ISM services PMI for Oct, US non-farm payrolls and unemployment rate for Oct; 3) Nov 14 – US CPI for Oct; 4) Nov 15 – US PPI for Oct, US retail sales for Oct; 5) Nov 29 – US prelim GDP 3Q23.

MARKET RECAP

November 2023

Page 3

October events

Source: SET, InnovestX Research

Date	SET Index	% Chg.	Value (Btmn)	Event
2-Oct-23	1,469.46	(0.13)	45,356	The Thai stock market continued to fall from Friday despite a 5% recovery in DELTA price; DELTA remained the highest traded-value stock. What pulled the market down was a decline in stock prices in the ENERG sector following the weakening of crude oil prices.
3-Oct-23	1,447.30	(1.51)	60,385	The market fell sharply, with foreign investor net sell of Bt4.4bn, and continued depreciation of the Thai baht to Bt37/\$US. Large-cap stocks all retreated due to the absence of any new supporting factors.
4-Oct-23	1,451.25	0.27	51,227	The market opened with a sharp drop but rebounded to close above the previous day's close, likely due to accumulation buying after the plunge. However, stocks in tourism businesses, airlines, airports, and hotels, fell following a shooting incident at Siam Paragon Mall that resulted in the death of a Chinese tourist.
5-Oct-23	1,452.55	0.09	43,120	The market moved sideways before closing with a slight gain. The decline in energy stock prices was the main factor weighing on the index responding to a significant drop in crude oil prices. This followed the US report of an unexpected surge in gasoline inventory the previous week.
6-Oct-23	1,438.45	(0.97)	40,922	The market declined, pressured by a fall in power supplier stock prices and DELTA.
9-Oct-23	1,431.72	(0.47)	47,468	The Thai stock market continued its decline from the previous Friday, led down by DELTA and financing and leasing companies. JMART and its subsidiaries (JMT, SINGER) plunged with high trade value but for no discernible cause.
10-Oct-23	1,434.45	0.19	40,833	The SET opened with a jump before slipping back down to close with a slight gain. The rise was primarily supported by electronics components and oil sectors, with some support from financing and leasing stocks. Beverage and food stock prices declined.
11-Oct-23	1,455.99	1.50	53,305	The market recovered, moving with global stock markets, as investor concerns regarding the conflict between Israel and Hamas eased, evidenced by relatively stable prices for crude oil and gold.
12-Oct-23	1,450.75	(0.36)	36,895	The market weakened, presumably to avoid risk ahead of the long weekend.
16-Oct-23	1,427.11	(1.63)	56,232	The Thai stock market declined in tandem with global stock markets, following escalating tensions in the conflict between Israel and Palestine.
17-Oct-23	1,433.40	0.44	38,504	The market recovered after a sharp decline, in line with global stock markets. Hotel stocks rose in response to the news that the cabinet approved the extension of visas for Russian tourists from 30 days to 90 days, effective from Nov 1, 2023-Apr 30, 2024.
18-Oct-23	1,437.85	0.31	52,878	The market rose slightly, bolstered by the increase in oil and refinery stocks. It was also given a boost by the return of foreign investors with a net buy for the first time in four days.
19-Oct-23	1,423.04	(1.03)	36,493	Investors are increasingly concerned about the escalating conflict between Israel and Hamas.
20-Oct-23	1,399.35	(1.66)	52,983	The market continued to fall in tandem with global stock markets. Investors remain concerned about the war between Israel and Hamas.
24-Oct-23	1,391.03	(0.59)	49,584	The Thai stock market declined, presumably aligning with the regional markets that had fallen on Monday when the Thai stock market was closed.
25-Oct-23	1,401.70	0.77	44,257	The market rebounded, in line with regional stock markets, buoyed by the news that the Chinese government had approved the issuance of 1 trillion yuan in government bonds. These funds will be transferred to local governments to aid in the recovery from the recent flooding.
26-Oct-23	1,371.22	(2.17)	45,690	The market plummeted in tandem with international stock markets, triggered by a surge in long-term US government bond yields.
27-Oct-23	1,388.23	1.24	41,247	The market opened above Thursday's close, but fell throughout the morning. However, there was some buying in the afternoon, which led the market to bounce back more than 20 points. The market was boosted by electronics component stocks, particularly DELTA.
30-Oct-23	1,395.85	0.55	36,755	The Thai stock market recovered, bolstered by a 6.6% surge in DELTA.
31-Oct-23	1,381.83	(1.00)	37,498	The market fell sharply, primarily pressured by the decline in electronic component stocks (KCE, HANA, DELTA) and petrochemical stocks (IVL, PTTGC). The downturn was influenced by China's PMI figures, which came in below market expectations.

Corporate Governance Report

The material contained in this publication is for general information only and is not intended as advice on any of the matters discussed herein. Readers and others should perform their own independent analysis as to the accuracy or completeness or legality of such information. The Thai Institute of Directors, its officers, the authors and editor make no representation or warranty as to the accuracy, completeness or legality of any of the information contained herein. By accepting this document, each recipient agrees that the Thai Institute of Directors Association, its officers, the authors and editor shall not have any liability for any information contained in, or for any omission from, this publication.

The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey result may be changed after that date. InnovestX Securities Company Limited does not conform nor certify the accuracy of such survey result.

To recognize well performers, the list of companies attaining "Good", "Very Good" and "Excellent" levels of recognition (Not including listed companies qualified in the "no announcement of the results" clause from 1 January 2021 to 27 October 2022) is publicized.
